ACTIVITIES REPORT FOR THE QUARTER ENDING 31 MARCH 2023

KALiNA Power Limited (“KALiNA” or the “Company”) (ASX: KPO) is pleased to provide this Quarterly Activities Report and Appendix 4C for the period ended 31 March 2023 (the ‘quarter’).

During the March quarter, KALiNA’s primary focus has been the project development arm of its business through its wholly owned Canadian subsidiary Kalina Distributed Power (‘KDP’). KDP is developing power projects that align with the energy transition policy framework being unveiled by the Canadian government. In addition to the Company’s Saddle Hills power project, KDP advanced its C\$3 billion portfolio of natural gas fired power plants that utilise carbon capture & sequestration (CCS).

During the quarter the Company announced its plans to appoint qualified financial advisors with requisite expertise in North American energy and capital markets, for the purpose of securing near-term project development funding and long-term strategies to access debt and equity for KDP’s portfolio.

Management Commentary

KALiNA’s Managing Director, Ross MacLachlan, commented: *“We are pleased to report on the important progress of KDP’s stated project development strategy. This comes amid a backdrop of broader policy tailwinds in the North American energy markets. Having engaged with various advisors, we have now concluded our selection process and anticipate reporting on this in the near future.”*

Financials

KALiNA held \$1,828,000 in cash held at the end of the quarter. Cash out flows from the Group’s operating activities for the quarter amounted to \$1,086,000. Of this, \$442,000 was for Alberta project development, while non-Alberta project development was \$28,000. Corporate staff, investor relations and project finance totalled \$278,000 and patent maintenance of the KALiNA intellectual property portfolio \$123,000.

Payments to related parties

During the quarter directors were paid \$209,000 for services rendered under normal commercial terms. Apart from this there were no other related party transactions during the quarter.

8.6.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?	
Answer: On 09 February 2023, Kalina Power Limited ('KPL') announced plans to appoint qualified financial advisors for the purpose of securing near-term project development funding and long-term strategies to access debt and equity for its wholly owned subsidiary Kalina Distributed Power ('KDP'). KPL has concluded its selection process and anticipates reporting on progress in the near future. Securing funding for KDP will significantly reduce KPL's required expenditure and provide a valuation for KPL's holding in KDP's portfolio. This process is advancing and a public announcement will provide the company with additional funding avenues.	
8.6.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?	
Answer: Yes. See 8.6.2
